

International Art Professionals Awards 2022

Mondial Art Academia is proud to present, for the seventh year in a row, its exclusive international art competition to its members: The "International Art Professionals Awards". Artists will be invited to submit one or three works, at their option, to our new and prestigious jury, which is made up of several professionals from all over the world (United States, Canada, France, Russia, South America, Central America, Mexico, Morocco, China, Macedonia, India, Peru, Iran, Poland, Ukraine, Netherlands, Kazakhstan, Turkey, Switzerland etc.) Art actors (Museums, galleries, art magazines, Grand Masters, curators, teachers, artistic critics ... etc ...)

The purpose of this competition is to allow the artists of the Academy to highlight their work with a large pool of connoisseurs and to have the chance to receive an award recognizing the excellence of their work. Note that the first registrants will be first placed in order on the digital voting form that will be presented to the judges.

How does it works

We will receive applications from artists wishing to participate as soon as this letter is sent. The deadline to register is **December 1st, 2022**.

After this date, we will constitute a bank of candidate works that will be provided to each member of the jury. Each of the judges will, in each category, vote for the 3 works which, according to them, answer most to his criteria of quality, originality and creativity.

Our official jury: <https://mondialartacademia.com/jury-mondial-art-academia/>

Artists whose works have gained the most votes in each category will each win a distinction. In addition, the artist who receives the most votes in all categories will be the grand prize winner of the "International Art Professionals Award 2022". Please note that depending on the number of entries in each category (painting, photography, digital art, sculpture and other techniques...etc...), the number of awards will be proportional to these.

In order for your work to be judged as impartially as possible by the jury, the works will be submitted anonymously to the judges, the participating artists names will not be identified. The signatures on the works will be scrambled. The works will be numbered to avoid any confusion. Only the title, technique used and the size of the work will appear in the bank of submitted works..

After having voted, the judges will have access to the names of the artists and the titles of the submitted works, at the very end of the contest. They will receive the document a second time, but this time, with all the information about the artists and their works. This is to allow them to know the authors of the works presented to them. The results will be compiled by an independent program and not by the Mondial Art Academia team.

Results publications

At the end of the contest, the results will be published on Mondial Art Academia's website and Facebook page. The winning artists will see their prize appear on our site (Grand winner, second place and third place etc ...).

Obviously, the winning artists will be able to publish an announcement of their prize where they wish (newspapers, personal website, Facebook page ...)

Tarification

The price to access the contest will be 30 euros for one submitted work (32 euros by paypal), 40 euros (43 euros by paypal) for 2 submitted works and 50 (54 euros by paypal) for three submitted works (for a maximum of 3 different works by artist). Those fees will cover the processing of applications, the medals production and accompanying certificates, the costs of graphist...etc. Obviously the money raised during registration will be reinvested in the expenses related to the contest.
